50th Anniversary

Conference Chair's Message

Howdy and welcome to the 58th Annual NHPPA Conference held in the beautiful lakes region of New Hampshire at the Margate Resort! I want to thank the Margate for their continued hospitality to our organization.

Our theme this year, chosen by our President, Roland Lemire, is the Wild Wild West! Roland has done a phenomenal job this year in leading our organization and keeping everyone on task. It has been a pleasure to work as Conference Chair under him.

We have many exciting and fun things planned for the Conference; you will want to make sure you come to everything.

Madonna Lovett Repeta has worked very hard at creating a speaker lineup for the weekend that will interest and inspire a wide range of photographers. Kira Derryberry will be starting us out on Friday evening with a great program on capturing character in portraits. Sunday will be a full day program given by Jim Chagares on techniques used in capturing his nature photography. We will end the conference on Monday with a wedding program from Damon Tucci. Any photographer can take something away from these programs to better improve their skills and knowledge.

Our digital image competition will be on Saturday. Your Image Competition Chair, Nylora Bruleigh, has arranged for some excellent judges to join us for this event. The popular "Club 79" will continue throughout the competition, and the print critique will follow the competition. I often hear that watching image competition is some of the best education to improve your craft, so make sure you sit in and listen.

Our trade show, organized by Rick Hydren, will be Saturday afternoon and will coincide with our image competition. You will be able to move back and forth between "Club 79" and our vendors. We will have bagged lunches available for purchase, so you can spend your lunch time chatting with our awesome, supportive vendors.

We will also be having a pizza party Saturday night prior to the scholarship auction. The money raised from the auction goes straight back to the membership in the form of scholarships that will be given at the June meeting. You can pre-purchase both meals on our website, prior to the conference, along with your banquet ticket.

Our Wild Wild West awards banquet will be held Sunday evening in the Mariah room. So make sure you pack your chaps, spurs, and cowboy hats for a rootin'-tootin' good time!

I want to thank the Board of Directors for all the hard work that they put into creating a great conference. Many, many hands are involved in all the elements of the event, and it is wonderful to know I can count on them to get the work done behind the scenes.

It has been a pleasure to serve as Conference Chair this year, and I look forward to seeing you all in Laconia! I look forward to learning new things, meeting new people, and spending time with those who have truly become great friends.

Sincerely,
ALLISON McGRAIL

President's Message

Welcome to our 58th Annual Conference. On behalf of the NHPPA Board of Directors, it is my pleasure to welcome you to a great weekend of learning, image competition, vendor trade show, meeting and making new friends, and of course, our second to none fun-filled banquet. For this year's theme I selected the "Wild Wild West." I wanted to make it easy for everyone to customize themselves for the occasion. So, dig up those jeans, cowboy boots, and hat and get ready to have a roaring wild time.

First of all, I am proud to say, and I mean this wholeheartedly, that our NHPPA Conference volunteers put their heart and soul into the work they do to make our yearly conferences the best they can be, and I thank them sincerely for their endless efforts. Leading the effort this year is Allison McGrail, this year's Conference Chair, who will be coordinating the fine details of the Conference. Also, Madonna Lovett Repeta has been very busy lining up some of the industry's top-notch photographers. You have a great opportunity to learn from the best and at no charge to you, it's all included in your annual dues!

This year's lineup of speakers begins with Kira Derryberry on Friday night, Jim Chagares all day on Sunday, and Damon Tucci all day on Monday. On Saturday, Nylora Bruleigh, our Image Competition Chair, has her lineup of experienced judges who are ready to put in a long day judging all of the image entries. Entering image competition is one of the best ways to get professional feedback on your entries by the experts who are judging. However, you can't win ribbons and merits if you don't enter images. Again this year we will be having "Club 79" upstairs in the lounge. Here you will be able to converse with your peers and still be able to see and listen to the judging. Also on Saturday afternoon, there will be a vendor trade show, a print critique, scholarship auction, and a pizza party on Saturday night. Sunday evening is the highlight of the entire Conference: our Wild Wild West Dinner and Awards Banquet, featuring the one and only George Whitehouse, our DJ extraordinaire. This is where everyone is sure to have a "rip-roaring" good time.

Looking back to 1997 when I was first sworn in as President, I had a great sense of pride and honor to have had the opportunity to represent the greatest organization of professional photographers ever. As I near the end of my second term, that feeling is still as strong today as it was the first time around. I have all of you to thank for that opportunity.

I hope this Conference will be as inspiring and challenging for all of you as it has been for me over the many years in this elite organization. Keep learning and you'll achieve what you never thought you could.

Thank you all for your friendship and your support over the years.

Warm Regards,

ROLAND LEMIRE

About the Cover

"Rain Dance"

The majesty of this flower caught my attention after a summer rainfall. I really enjoy photographing flowers as they unfold the secrets of the beauty that lies within their buds. It is amazing what they exhibit, and I enjoy capturing the glorious color and texture in a close-up. Flowers bring joy and beauty to our world, and photographs make each bloom everlasting.

Learn techniques and tips for working with subjects to show their most authentic selves on camera. The latest insider tips will teach you how to create and edit images with expert results. Jim's photography techniques can be applied to almost every type of photography, including weddings. Prior to opening his portrait and commercial studio in 1988 Jim taught elementary school for 14 years. He is fortunate to make his living as a portrait photographer, a dream come true. It is no secret, however, that his true passion is nature photography. He loves the challenge of the elements, be it subzero weather, snow, poor light, wind, rain, sweltering heat or insects. He cherishes his time in nature telling the story of animal behavior that most people rarely get to see. Jim is dedicated to his wildlife photography, patiently waiting for animals to share their life with him in the wild. It is his vision to capture and share the beauty of wildlife and nature with others.

Jim has earned numerous awards for his imagery and been published in numerous magazines. Jim is a nationally approved photographic exhibition judge for the Professional Photographers of America.

He will discuss techniques to land high end clientele, social media optimization, networking, marketing, destination weddings, shooting, lighting, posing and polishing. The first half of the day will be in the classroom discussing strategies and the second half of the day will be "hands on" in the field implementing these techniques. NHPPA Degree Program

In 1990 the "NHPPA Degree Program" was established to recognize the individual members who have volunteered their time and effort for the Association. Being a part of NHPPA gives you not only the opportunity to educate yourself, equip yourself and your business with the best tools for success, but also the opportunity to share your time and expertise with the other members of the Association.

Degrees are awarded to members for both their service to and on behalf of NHPPA, as well as for their photographic excellence. Credits are based on the contributions of time and expertise serving the Association. The Executive Board, Directors, Chairpersons, and Committee members give countless hours to this organization. Members sharing their knowledge at Photofestivals or Mini-Mondays acquire credits toward their degree. In addition, members are recognized for their photographic skills and earn credits by entering a minimum of two prints in competition, earning blue ribbons and/or being a recipient of one of our photographic awards.

All of these opportunities to earn credits are available to all NHPPA members in good standing. The Associate Colleague of Photography Degree (A.C.Ph.) is presented to those members with a minimum of 25 credits (no more than 15 print credits can be applied towards the degree). The Colleague of Photography Degree (C.Ph.) requires 75 credits (no more than 30 print credits can be applied towards the degree). The Distinguished Colleague of Photography Degree (D.C.Ph.) requires 125 credits (no more than 50 print credits can be applied towards the degree). In 2006 the Degree Committee established an additional award, (D.C.Ph.S.) in the form of a "Silver Star." This award is given to a member who has received the Distinguished Colleague of Photography Degree, and continues to serve our organization earning a minimum of 150 credits. The following members have received degrees since the program's inception:

2016 PPA National Award

The National Award, as provided by the Professional Photographers of America, is a special honor recognizing outstanding service to our industry. The choice of the recipient is determined wholly by the State or Regional Association. It may be given to any member or non-member of the Association, and is not restricted to those in the field of photography. The only restriction is that no individual may receive more than one National Award from the same association during their lifetime. The NHPPA National Award recipient is determined by the last five recipients, who receive input from all previous recipients, as well as the current Board members if needed, and while this award is available on an annual basis, it will be withheld if no suitable candidate is found.
