Jim Carlen 2018 NHPPA President

President's Message

It has truly been my honor to serve as YOUR 2017 - 2018 New Hampshire Professional Photographers Association President. I firmly believe that our NHPPA family is a strong, caring group of very talented photographers who are there for each other whenever needed.

I want to first mention our 59th annual Conference. We had great Jurors and our own Jeff Dachowski as our Jury Chair. We saw some amazing images and albums. Our Programs were varied by topic. However, each program was packed with pertinent information and presented so very well. Our Banquet/ Awards Ceremony ran smoothly and was so much fun. It was so great to see our members cheering for our award recipients and just having fun together... talking, laughing and dancing together... and of course most of us were dressed in a variety really fun steampunk outfits.

I know I said this at the Banquet/ Awards Ceremony. But, I feel I must say thank you again to Lauri West and Jean Wozniak who know just about everything there is to know about NHPPA. I also want to thank our Controller, Jean Camire. I don't know where NHPPA would be without these three always working so hard behind the scenes.

Our NHPPA Board members are some of the hardest workers I know. I want to thank each and every one of you for giving of your time and talent on behalf of our NHPPA members. It takes a village and our NHPPA Board is a huge part of our village.

Thank you to both the NHPPA Board and the NHPPA membership for helping make my term as YOUR NHPPA President a time that I shall always treasure. I leave NHPPA in very capable hands. Your incoming President, Jim Carlen will be at the helm leading an extraordinary incoming Board.

Everyone knows that I love sayings & quotes. So, I leave you with one of my favorites:
 "Life is like a camera. Focus on what's important.
 Capture the good times. Develop from the negatives
 And, if things don't work out, just take another shot!"
author unknown

Best Wishes,
 YOUR NHPPA President,

Madonna

Monthly Meeting

The Art of Whimsical Decay

with Karen Jerzyk
www.karenjerzykphoto.com

Wednesday, June 6, 2018
 6 to 9:30 p.m. | Derryfield Country Club

Karen is a photographer living and working in the Greater Boston area. As a self prescribed "incredibly introverted, awkward wallflower," Karen looked for a way to express herself other than words, and found that when her parents gifted her a camera in 2003. After many years of photographing promotional shoots and stage portraits for bands, she decided to shift her focus to people, portraying them in elaborate scenes.

Karen's signature style of photography started in 2011 as a means of coping with the sudden death of her father and has evolved into several different projects since then. Typically pairing scenes of decay with fantastical whimsy, her photos often portray what look like cinematic stills pulled from an elaborate storyline. Being quoted as using the term "future-past" when asked about the time period of the photos, Karen is always on the hunt for antiques and oddities to coincide with her elaborate set designs to create imagery that appear to be historical with a garnish of science fiction.

Karen strives to produce photos that tell a story – that connect with the viewer on a personal level. Her photos are meant to be read like a book, and looked at and thought about often. There is no "right answer" to the ultimate meaning of any one of her photos, as each viewer can read the scene differently. Karen's goal is to evoke thought and emotion through each of her photos.

Karen's work is now attracting worldwide attention and was recently featured on *NH Chronicle* and has been highlighted in magazines and websites around the world.

Join us for a buffet dinner and socializing from 6 to 7:15 p.m. followed by the program from 7:30 to 9:30 p.m. Register online by Friday, June 1, at <http://nhppa.com/event-2849877>. The cost for dinner is \$25 and can be paid online or at the door. For more information visit www.nhppa.com or contact Tom Royer at royertcr@comcast.net.

In this jampacked seminar, Lindsay will talk about and demonstrate the tools and techniques to allow the beauty of the human form to shine through your photographic artwork. When photographing the everyday person instead of models, you are often asked to photograph and flatter more challenging features – round face, pronounced nose, large forehead, double chin, asymmetrical features, bald head, glasses, defined wrinkles, full figured and curvier clients, and more. It is imperative when you photograph them you are able to do so with confidence. In this workshop Lindsay will share her secrets of how posing, lighting, camera angle, lens choice, clothing choice, and Photoshop all work together for successful imagery.

Whether your photography focus is wedding, portrait, or intimate boudoir, understanding how to flatter the body is essential. Lindsay will lay down a solid foundation of posing and styling so that you can make your clients feel comfortable in front of the camera.
